

PRODUCTION ML • CERTIFICATION-ALIGNED

Machine Learning and AI Engineering on AWS

Take machine learning from experiment to reliable production.

AWS Certified Machine Learning Engineer – Associate **MLA-C01** • MLA-C02
transition guidance

LEARN • PROVE • CERTIFY • ADVANCE

Operationalize Intelligence

Data to Features

Build repeatable pipelines that make training data dependable.

Train at Scale

Engineer experiments, tuning, and automation for production workloads.

Deploy and Observe

Serve models reliably, detect drift, and improve continuously.

IDEAL FOR ML practitioners and developers moving into production AI.

40 HOURS • HANDS-ON LABS • CERTIFICATION-ALIGNED

Move your models into production.
