

SECURE • RESILIENT • HIGH-PERFORMING • COST-AWARE

AWS Cloud Architecture

Design secure, resilient AWS solutions that balance performance and cost.

AWS Certified Solutions Architect – Associate (**SAA-C03**)

LEARN • PROVE • CERTIFY • ADVANCE

Decisions Define the Architecture

Secure by Default

Build strong identity, network, and data-protection foundations.

Resilient by Design

Choose patterns that recover, scale, and remain available.

Optimize Every Layer

Balance performance, operational simplicity, and cost.

IDEAL FOR Cloud engineers and aspiring solutions architects.

40 HOURS • HANDS-ON LABS • CERTIFICATION-ALIGNED

Architect for what happens next.
